Des Moines Metro Opera's The Flying Dutchman
Blank Performing Arts Center
513 N. D St
Indianola, IA 50125
07:30 PM - 10:30 PM CST
The Flying Dutchman

From its stormy overture to climactic finale, Wagner's The Flying Dutchman lures you into its mysterious depths. The Dutchman, a ghostly sailor, is condemned to wander the waves for eternity. But every seventh year he disembarks to find a bride who can break his curse. In a small Norwegian fishing village, he fatefully encounters Senta, a young woman who is obsessed with the Dutchman's legend. Can the power of love break the curse? How much must we sacrifice to bring about salvation?

Maestro David Neely leads this sweeping, evocative score which features epic choruses, thrilling orchestrations and a superstar cast headlined by bass-baritone Ryan McKinny, who makes his DMMO debut as the Dutchman. Company favorite Joshua Borths makes his mainstage directing debut, charting the course of Richard Wagner's return to the DMMO stage for the first time in nearly 40 years. Steven C. Kemp returns as scenic designer and Ian Wallace debuts as projection designer.

Des Moines Metro Opera's The Rake's Progress
Blank Performing Arts Center
513 N. D St
Indianola, IA 50125
07:30 PM - 10:15 PM CST
The Rake's Progress

Inspired by William Hogarth's famous series of paintings, Stravinsky's The Rake's Progress charts one man's path from pleasure to ruin. When the mysterious Nick Shadow appears, Tom Rakewell abandons his sweetheart, Anne Trulove, and leaves behind his country life for the temptations of the city. But London's glittering promise soon dissolves as love, money and sanity slip farther and farther from his grasp. Can true love save him, or will the devil get the last laugh?

The Rake's Progress is surely one of the 20th century's most dazzling and original works—as if a Mozart opera wandered into a hall of mirrors. Comedy and tragedy are never far apart in this light-hearted work that can break your heart with the broadest of smiles. Jonas Hacker, Joëlle Harvey and Sam Carl lead the cast in a new production by director Chas Rader-Shieber and scenic and costume designer Robert Perdziola, featuring the festival debut of conductor Christopher Allen.

Des Moines Metro Opera's The Cunning Little Vixen
Blank Performing Arts Center
513 N. D St
Indianola, IA 50125
07:30 PM - 09:00 PM CST
The Cunning Little Vixen

The tale of a quick-witted fox and her escape from confinement for a life in the forest is by turns joyful, witty, romantic and tragic. The Cunning Little Vixen follows the cycle of death and rebirth through the instinctive and immediate world of nature—animal and human, which Janáček loved so dearly. In this celebrated score, singers and orchestra embody the sounds of the forest, the feel of sunshine on your face and the thrill of a starlit sky.

Bursting with boundless invention, imaginative colors and a memorable cast of creatures, director Kristine McIntyre, maestro David Neely, and Oyoram, Visual Composer, reunite after their triumphant production of Bluebeard's Castle to bring the vixen's natural world to life. Vita Tzykun returns to join this creative team as costume designer, Luke Cantarella returns as scenic designer and Kate Ashton returns as Lighting Designer. Soprano Hera Hyesang Park debuts as the Vixen and Sun-Ly Pierce returns to the festival to make a role debut as the Fox.

Begin Again Yoga's 2025 Yoga on the Flower Farm

Bochner Farms

17072 88th Avenue

Indianola, IA 50125

09:00 AM - 12:00 PM CST

Lori Bochner,

info@bochnerfarms.com

Join us for a beautiful, mind and body healing yoga session next to the flower garden.

Let the hustle of life fade away while you take in the beautiful sights on the farm.

Bethany with Begin Again Yoga will lead you through a 60-minute yoga practice to awaken the body through mindful movement and breath work. Enjoy tranquil, beautiful views of the Cottage Garden and flower fields in the idyllic Iowa countryside. In addition to yoga, guests will have the opportunity to tour the 22-raised bed Cottage Garden, and the one-of-a-kind Willow Cottage & Garden, a beautiful custom-made cottage with a beautiful garden, including a fountain and 16-foot flower tunnel. After class feel free to explore the farm and relax.

If you'd like to extend your morning on the farm, we will host an optional u-pick bouquet making experience after class. Guests who elect this add-on option will be provided a pint jar filled with water, and we will set you loose in the flower fields to cut a bouquet to take home. Pre-order now as part of your ticket, or purchase the u-pick experience the day of the event.

Yoga and flowers... the perfect way to kick off a beautiful weekend.

Please bring a yoga mat, layered clothing, and a water bottle. Some extra mats will be available to use, but on a first come first serve basis. Visit Bethany's website at www.beginagainyoga.com to learn more about her practice.

Our farm is NOT open to the public except for special events, so this is your chance to visit the farm for this unique experience.

NOTE: We will not email tickets to you, upon order confirmation, your name will be added to our attendance list. We will send an email with all the "what to expect" details a few days prior to the yoga session. Tickets are non-refundable and non-transferable. However, if you are unable to attend, feel free to gift your ticket to a friend (just be sure they use your name to check in).

Questions? Email info@bochnerfarms.com and we're happy to help.

We don't have time to do things twice. We also don't have time to repeat ourselves. So how do we get our messages through the first time?

When we're concerned about the level of risk on a project, how do we get that through to the people who need to be prepared for delays or cost overruns?

When we need additional resources to resolve the issue at hand, how do we get the attention of those who have moved on to other priorities in the business?

When the decisions that need to be made have lasting impacts on the health of the organization as a whole, not just the stakeholder who screams the loudest, how do we make sure all of the right people are involved and paying attention?

When we need input from everyone, not just the highest paid person's opinion, how do we engage all and only the right people?

Influencing up has never been more challenging than it is right now, because there are so many competing demands for our attention!

Right now, you've already moved on to something else in your head. But come back...Because there's real pain here, and a need for real solutions. And we can talk through some real solutions. Influencing up is an art and a bit of science. There are tools and techniques that help us. There are some charts and boxes and some proven processes we can follow.

This quick-hit, action packed webinar will give you a set of

Critical success factors for influencing up in any organization, of any size or scale or industry.

Three techniques to help you focus your own skill growth where you need it most.

Practical, easy to apply tips to help you improve your stakeholder interactions to influence up, starting now.

When was the last time you truly enjoyed yourself?

?Not to check a box. Not to be productive. But simply for the joy of it.

Between deadlines, responsibilities, and the ever-spinning mental load, many women push joy to the back burner—forgetting that it's not a luxury, but fuel.

In this engaging and interactive event, followed by breakout sessions to dive even deeper, we'll explore:

*How memories, connections, and mindset shape your capacity for joy
Why joy is a muscle—and how to strengthen it without adding more to your plate
The permission slip you didn't know you needed to make joy a priority
Practical strategies to build your own Joy List and create a Joy Calendar that works in real life*

Together, we'll clear the roadblocks, rediscover what makes you come alive, and make joy non-negotiable. Because when women lead with joy, the ripple effect is undeniable.

AGENDA:

8:30 – 8:45 AM – Arrival, Networking & Breakfast

8:45 – 9:00 AM – Welcome (Mel Guanci)

9:00 – 9:30 AM – Keynote: Joy is My Job. Reclaiming What Fuels You.

9:30 – 9:45 AM – Break

9:45 – 10:45 AM – Breakout: Where's the Joy? Permission and Planning.

10:45 – 11:00 – Break

11:00 – 11:15 AM – Joy is my Job Toolkit

10:45 – 11:30 AM – Joy Swap & Networking

JOY IS MY JOB TOOLKIT

A Day to Reclaim What Fuels You — and Take It With You

Joy isn't a luxury—it's fuel. And in this energizing keynote and breakout workshop, you'll get the space, strategies, and tools to bring more of it into your real life (not just the highlight reel).

Each participant will receive a custom Joy is my Job Toolkit—designed to help you build sustainable, soul-filling habits that stick long after the event ends.

You'll walk away with:

*A personal joy practice that fits into everyday life
A deeper understanding of how joy shapes memory, mindset, and connection
A tangible reminder that joy isn't selfish—it's your secret superpower*

What's inside the Joy is my Job Toolkit:

*Brainstorming prompts to rediscover what lights you up
Reflection worksheets to clear roadblocks and reset your mindset
Joy List and Joy Calendar templates to help joy become a habit
Ten everyday joy challenges (think mini-missions that actually fit your schedule
A DIY Joy Scavenger Hunt to spark curiosity and fun*

This isn't fluff. It's fuel.

Joy is a muscle—and this is your training ground.

We hope to see you there!

If someone asked you if everyone at your business is all working towards the same goals, headed in the same direction, working consistently as a unified team, would you smile and say, "Absolutely!" or would you pause? When was the last time you could say confidently that your business was on track to achieve the goals you set out? Is any delay in your response because you haven't measured, or because you haven't set the goals?

It turns out that the healthiest organizations – the ones that produce the most consistently strong results, the ones that are able to predict outcomes even in unpredictable economic times, the ones that attract and retain the best employees, the ones that maintain the most lasting and stable relationships with their vendor partners – are the ones that do a handful of simple things:

They have a simple but clear picture of why they do what they do and how they show up.

They have a focused understanding of who they serve.

They have a way to talk about the work they do that lets them see if they're on track or off track and get back on track when they're not.

Do you have that? Do you want that? It doesn't have to be complicated. Join us for this hands-on half-day workshop with Sinikka Waugh, president and founder of Your Clear Next Step as she brings the very best of business leadership to bear. From right here in Indianola, over the past 17 years, Sinikka and the Your Clear Next Step team have helped over 56,000 people in hundreds of organizations of all shapes and sizes have better workdays through simple tools like the ones she's offering here.

Join the Indianola Chamber & Your Clear Next Step on Tuesday, September 30th from 8:30AM-11:30AM for meaningful insights into figuring out how to keep your business on track!

Enabling Change and Empowering Changemakers

With just a handful of key concepts, Changemakers can enable change in an organization in a way that protects business interests, empowers people, and simplifies the process. Join us in this session to learn more.

Changemakers are the individuals who put the good of the organization first, make authentic human connection, and consistently treat change as a process, not an event. They make things happen.

More often than not, though, Changemakers get stuck. There's not enough budget. Our projects keep falling behind. We rarely stick to a change when we propose one. Someone is always upset about an initiative. Is there a better way? Yes!

This jam packed and engaging session will give you the tools and techniques for a better way...

*For change
To get more done
To bring people along*

By attending this course, participants will:

*Gain tools to help you improve your influence
Encounter a simple, easy-to-apply model for talking about one of the most disruptive forces at work
Enable you to identify and empower changemakers around you*
